## EQUITY

<p>STUDENT FUNDING</p>	<p>Funds pass through the district. Funding for charter schools follows same formula used for all other public schools minus administrative fees retained by school boards. Administrative fees are five percent for all charters, or two percent for those considered “high-performing.”</p> <p>“Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students enrolled in other public schools in the school district. (b) The basis for the agreement for funding students enrolled in a charter school shall be the sum of the school district’s operating funds from the Florida Education Finance Program as provided in s. 1011.62 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the school district’s current operating discretionary millage levy; divided by total funded weighted full-time equivalent students in the school district; multiplied by the weighted full-time equivalent students for the charter school. Charter schools whose students or programs meet the eligibility criteria in law shall be entitled to their proportionate share of categorical program funds included in the total funds available in the Florida Education Finance Program by the Legislature, including transportation. Total funding for each charter school shall be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education.” [Fla. Stat. § 1002.33(17)(b)]</p>
<p>FACILITIES FUNDS</p>	<p>Yes. The state has appropriated \$57 million in its capital outlay program for per pupil facilities funding, which may be used for purchasing, construction, or maintenance of facilities. It is limited to charters that meet certain criteria, including: operation for at least three years, accredited by the Southern Association of Colleges and Schools, financial and academic stability, and is an expanded feeder chain or charter within the same district (meaning an elementary charter that serves a middle school that serves a high school charter.) Charters receive between \$500 and \$750 per pupil. [Fla. Stat. § 1013.62(e)]</p>
